Planet Story Explorer

"A Contextualized Atlas of Global Change"

Yixuan Wong, Michael Wu, Andrew Zhang, Shiyuan Wang, Junjie Liu

Motivation

Planet Labs has a dataset of over 35,000 public Planet Stories. (user-curated collections of satellite imagery)

Our Mission: make understanding the world around us more accessible to the general public.

Solution

Planet Story Explorer: an **interactive, explorable gallery** showcasing stories **enhanced with additional context.**

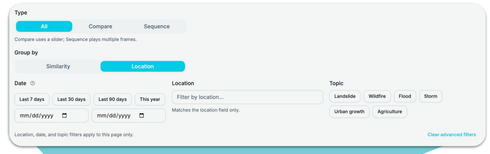

Our Impact

Better discoverability, via:

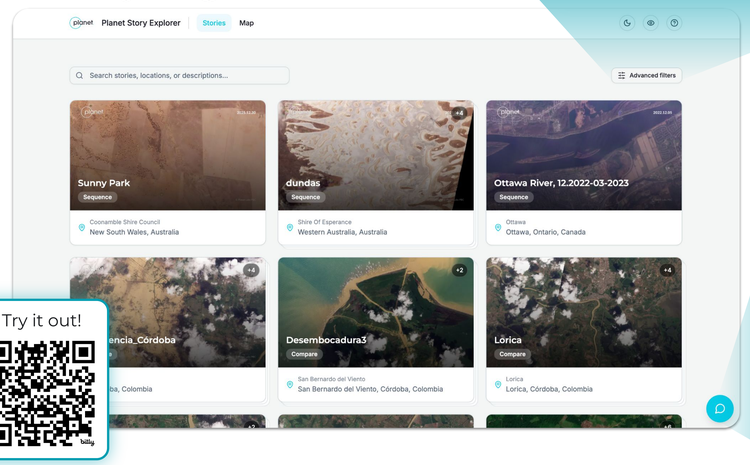

- ***Hybrid Search Algorithm***
  - *(Keywords + Vector Embeddings)*
- ***Interactive Map***
- ***MCP Server + AI Chatbot***
- ***Newsletter***
